

A Couples Enrichment Retreat at the Centre Quaker de Congénies, in the South of France

First Weekend in June, 2017

2 -4 June OR: Coming from a Distance? Enhance the weekend with singing and sightseeing by extending your visit to 1-5 June. Email for more information on the program options.

What is a Couples Enrichment Workshop? It is an opportunity for a couple to focus on their relationship, enhance communication skills, and deepen their appreciation of each other. A couples enrichment program is not therapy, but a way to make good relationships even better.

Who can participate in a couples enrichment workshop? The workshop is open to any couple in a committed relationship, regardless of sexual orientation, marital status, or religious affiliation. Virtually any couple that gives a good faith effort to a couples program can benefit.

Will we have to share everything with the group? The workshop emphasizes creating a safe and comfortable community, learning concepts and skills, and giving couples the time and space to focus on each other. No one will be asked to share anything they don't want to share.

Who will be leading this program? Facilitators for this program will be Gretta and Jacob Stone, from Montpelier, Vermont, in the USA. They have been leading couple enrichment programs throughout the United States for the past twenty-two years, under the auspices of Friends General Conference and Friends Couple Enrichment.(friendscoupleenrichment.org). This program at Congénies is part of a European trip in celebration of their fiftieth wedding anniversary in July 2017.

Centre Quaker de Congénies is located in a lovely valley between the Cévennes Mountains & the Mediterranean Sea. For those coming a distance, we are offering 2 extra days to the program that includes an opportunity to visit local sights. Some transportation will be provided, including bikes if you would like to explore the French countryside. There will be music in the evenings. Email for more information.
